

ALERT

AMAZON SCAM CALLS

We have recently received several reports about scams calls purporting to be from Amazon

The calls state that an item has been purchased to the value of £1,000. This may draw in the receiver of the call to rectify the "issue" but will lead to financial loss if instructions are followed.

If you receive this, or other similar calls please hang up and report it on our website.

More about this scam can be found in our News and Advisories page on OCSIA.IM

Visit the OCSIA website for advice and guidance on a range of cyber security topics.
